

# Write a Letter to a Friend

**There's no doubt clean clothes make us all feel better about ourselves, but Orange Sky's impact doesn't just rely on washers or dryers. Through the conversations taking place on our six orange chairs, our volunteers connect with our friends through genuine and non-judgemental conversation.**

We'd love your help to connect our communities. Why not write a letter of support to someone who might be experiencing homelessness?

## Things to think about...

For most people, homelessness is a temporary experience and not a definitive label.

Not all people experiencing homelessness are sleeping on the street - it's actually a small percent.

The majority of friends we help are living in shelters, boarding houses, temporary accommodation or severely crowded homes.
